

The Rocking Roosters - Press Release

Starting with slapping rockabilly, across grooving swing up to ballads ...

The Rocking Roosters pay their tribute to famous as well as unfamiliar originals with exhilarant originality and underline their musical independence with interesting original compositions.

They inspire their audience at large oldie festivals as well as in small clubs in authentic trio formation. Due to the combination of musical variety, high virtuosity and delight in playing, the time with the Rocking Roosters flies!

Through tremendous variety combined with congenial stage presence lead singer and guitarist **Daniel Sypien** from Remscheid demonstrates as the Rocking Roosters' front man how diversified Rock & Roll can be.

Double-bass player **Joerg Schnitzer** from Buettgen (Kaarst) together with his 100 year old instrument, his collection of wildcat shirts and his unmistakable character belong to the Rocking Roosters since the band's foundation in 2005.

Drummer **Heiko Dethlefs** from Guetersloh adds to the band with his drum kit in stand-up style since 2008 and proves that it is impossible to remain seated while playing or hearing this music.
